NOTICES**AVIS****GOVERNMENT NOTICES OF
MOTION****AVIS DE MOTION DU
GOUVERNEMENT**

5. Mrs Grier - Resolution - That this House approves the Orders made by the Minister of the Environment published in The Ontario Gazette as Ontario Regulation 506/90, amending Ontario Regulation 684/80, and as Ontario Regulation 507/90, amending Ontario Regulation 684/80, for the Niagara Escarpment Planning Area. November 29, 1990.
7. Miss Martel - Motion pursuant to Standing Order 6(b) - That, notwithstanding Standing Order 9, the House shall continue to meet from 6:00 p.m. to 12:00 midnight on December 10, 11, 12, 13, 17, 18, 19, and 20, 1990, at which time the Speaker shall adjourn the House without motion until the next sessional day. December 6, 1990.
8. Mr Laughren - Resolution - That the Treasurer of Ontario be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of supply for the period commencing January 1, 1991, and ending April 30, 1991, such payments to be charged to the proper appropriation following the voting of supply. December 10, 1990.

**PRIVATE MEMBERS' NOTICES
OF MOTION****AVIS DE MOTION DES DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.
2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science bywomen. December 6, 1990.

3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

 4. Ms Poole - Resolution - That, in the opinion of this House, since the National Packaging Protocol (N.A.P.P.) was endorsed by the Canadian Council of Ministers of the Environment on March 20th, 1990, and included a target for the reduction of packaging waste by 50 per cent by the year 2000; and since the environment protection industry offers unique opportunities to create new employment in Ontario; and since legislation had been drafted for presentation to this Legislature in the fall of 1990, after extensive consultation with special interest groups, affected parties and the Waste Reduction Advisory Committee; therefore the Minister of the Environment should, during the 1991 spring sitting of this Legislature:
 - 1) introduce legislation or regulations to meet the targets of the National Packaging Protocol in Ontario;
 - 2) require the reduction, re-use and recycling of packaging materials to divert a minimum of 20% of packaging waste from landfill or incineration by 1992, and 35% by 1996;
 - 3) provide funding and other incentives for research and development in packaging reduction, re-use and recycling;
 - 4) provide programs and incentives for market development for re-use and recycling of packaging products;
 - 5) ensure that provincial government procurement policies reflect stringent packaging reduction guidelines. December 10, 1990.

8. Mr Laughren - Resolution - That the Treasurer of Ontario be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of supply for the period commencing January 1, 1991, and ending April 30, 1991, such payments to be charged to the proper appropriation following the voting of supply. December 10, 1990.

PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.
2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science bywomen. December 6, 1990.

3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

 4. Ms Poole - Resolution - That, in the opinion of this House, since the National Packaging Protocol (N.A.P.P.) was endorsed by the Canadian Council of Ministers of the Environment on March 20th, 1990, and included a target for the reduction of packaging waste by 50 per cent by the year 2000; and since the environment protection industry offers unique opportunities to create new employment in Ontario; and since legislation had been drafted for presentation to this Legislature in the fall of 1990, after extensive consultation with special interest groups, affected parties and the Waste Reduction Advisory Committee; therefore the Minister of the Environment should, during the 1991 spring sitting of this Legislature:
 - 1) introduce legislation or regulations to meet the targets of the National Packaging Protocol in Ontario;
 - 2) require the reduction, re-use and recycling of packaging materials to divert a minimum of 20% of packaging waste from landfill or incineration by 1992, and 35% by 1996;
 - 3) provide funding and other incentives for research and development in packaging reduction, re-use and recycling;
 - 4) provide programs and incentives for market development for re-use and recycling of packaging products;
 - 5) ensure that provincial government procurement policies reflect stringent packaging reduction guidelines. December 10, 1990.

Mr Winner - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision.

OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.
 2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science bywomen. December 6, 1990.
 3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.
 2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science bywomen. December 6, 1990.
 3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

8. Debated December 19, 1990.
9. Mr Rae - Resolution - That a Select Committee on Ontario in Confederation be established to review and report on: (a) the social and economic interests and aspirations of all the people of Ontario within Confederation; and (b) what form of Confederation can most effectively meet the social and economic aspirations of the people of Ontario; that the Committee have authority to adjourn from place to place in Canada to hold hearings, retain counsel, fund research, sponsor public forums and encourage public discussions to foster the broad participation of all the people of Ontario; that the proceedings of the Committee be televised by the Broadcast and Recording Service to ensure that the Committee's public deliberations, hearings and activities are available to the people of Ontario; that the Committee present an interim report to the House by March 21, 1991, provided that if the House is not meeting, the Committee have authority to release its report by depositing a copy of it with the Clerk of the Assembly and upon resumption of the meetings of the House, the Chair of the Committee shall bring such report before the House in accordance with the Standing Orders; that the Committee have authority to meet concurrently with the House and during any adjournment of the House, subject to the approval of the 3 Party Whips, up to and including June 27, 1991; and that the Committee be composed of the following members:- Mr Silipo (Chair), Mr Beer, Mr Bisson, Ms Churley, Mr Eves, Mr Harnick, Ms Harrington, Mr Malkowski, Mr Offer, Mrs O'Neill (Ottawa-Rideau), Mr Wilson (Frontenac-Addington) and Mr Winninger. December 19, 1990.
10. Miss Martel - Resolution - That a Special Committee on the Parliamentary Precinct be appointed to develop, approve and supervise and co-ordinate the implementation of a programme for the restoration, renovation, rehabilitation, cyclical maintenance and use of the Parliament Building and grounds and to implement an interpretive programme emphasizing public education and understanding of the Parliament Building and its history, events that have taken place in the Parliament Building and at Queen's Park and the legislative and governmental processes, and to submit an annual budget to the Board of Internal Economy for funds required for proposed work or expert or professional assistance in any fiscal year; and which shall be composed of the Speaker and the Chair of the Standing Committee on the Legislative Assembly as Co-Chairs and Mrs Cunningham, Mr Mancini and Mrs Mathyssen, no substitution being permitted except by Order of the House. December 19, 1990.

11. Miss Martel - Resolution - That Standing Order 104(g) be amended by inserting after "agencies;" in the tenth line "and to review the intended appointment of persons to agencies, boards and commissions and of directors to corporations in which the Crown in right of Ontario is a majority shareholder according to the following procedures:
 1. A minister of the Crown shall lay on the Table a certificate stating that the Lieutenant Governor in Council or the Premier, as the case may be, intends to appoint a person to an agency, board or commission or to the board of directors of a corporation, together with a copy of the position description and a summary of the person's qualifications, which documents shall be deemed to be referred to the Committee.
 2. The Sub-committee on Committee Business shall meet to select from among the intended appointments referred to in paragraph 3 those intended appointees the Committee will review; the first meeting for that purpose shall be held on or before January 18, 1991 and further meetings shall be held for that purpose so that there are no more than 30 calendar days between each meeting.
 3. At least 5 calendar days before the Sub-committee on Committee Business meets as provided in paragraph 2, the Clerk of the Sub-committee shall provide to each member of the Sub-committee a list of intended appointees in respect of whom a certificate has been received.
 4. The intended appointments to be reviewed by the Committee shall be selected in one round by each member of the Sub-committee on Committee Business, other than the Chair, such that the member of the Party forming the Official Opposition shall first choose one or more, the member of a recognized Party having the third largest membership in the House shall second choose one or more and the member of the Party forming the government shall third choose one or more.
 5. The Sub-committee shall make a report to the Committee on the intended appointments for review at least 7 calendar days before any one of them is to be reviewed and the report shall specify the time allocated for consideration of each of them, the date on which each is to be considered and whether the intended appointee is to be called as a witness.
 6. In its report, the Sub-committee shall ensure that those intended appointments which were selected by a member of the Sub-committee shall be heard on the same day and that the order of the reviews corresponds to the order of selection as provided in paragraph 4.
 7. The report of the Sub-committee on Committee Business once adopted by the Sub-committee shall be deemed to be adopted by the Committee and shall take precedence over all other business of the Committee.

8. If an intended appointment is not selected for review by the Sub-committee within 35 calendar days following the day on which the documents provided for in paragraph 1 have been laid on the Table, the Committee shall be deemed to have concurred in the intended appointment and a report thereon shall be deemed to have been made to and adopted by the House.
9. The Committee may waive its right to review an intended appointment not selected pursuant to paragraph 8 prior to the expiry of the 35 days mentioned in paragraph 8.
10. Upon notice from the Clerk of the Committee that an intended appointment has been selected for review, the minister who recommended the appointment shall provide to the Committee a copy of the intended appointee's application, a copy of his or her resume, a description of the responsibilities of the position, a description of the candidate search process and a statement of the criteria by which the intended appointee was chosen.
11. The Committee shall review the intended appointments that have been selected and shall spend no more than 3 hours reviewing the intended appointments selected by any one member of the Sub-committee.
12. In reviewing an intended appointment, the Committee shall not call as a witness any person other than the intended appointee.
13. The Committee shall determine whether or not it concurs in the intended appointments as its first item of business at its first meeting following the meeting at which the intended appointments were reviewed. The time for making that determination shall be limited to one hour. In its report, the Committee shall state whether or not it concurs in the intended appointments and may state its reasons therefor.
14. The Committee shall present its report to the House on its review of intended appointments at the earliest opportunity following the meeting at which its findings have been made and such report shall be deemed to be adopted by the House. If the House is not meeting at this time, the Committee shall have authority to release its report by depositing a copy of it with the Clerk of the Assembly and upon receipt of the report by the Clerk the report shall be deemed to be adopted by the House.
15. If a report in respect of an intended appointment is not made within 30 calendar days following the day on which the intended appointment was selected for review, the Committee shall be deemed to have concurred in the intended appointment and a report thereon shall be deemed to have been made to and adopted by the House.

16. The Clerk of the Committee shall notify in writing the minister who recommended the appointment of any decision of the Committee and the Sub-committee on Committee Business respecting the appointment."

This provisional Standing Order shall be in effect during the period commencing on December 20, 1990 and ending on June 27, 1991. December 19, 1990.

12. Miss Martel - Resolution - That, notwithstanding Standing Order 104(i), the Standing Committee on Government Agencies is authorized to consider how the Standing Orders might be amended to permit it to best perform the task of reviewing the appointment of persons to agencies, boards and commissions and of directors to corporations in which the Crown in right of Ontario is a majority shareholder and the Committee shall report to the House its recommendations on or before May 16, 1991. December 19, 1990.
13. Miss Martel - Resolution - That the following committees be authorized to meet during the Winter Adjournment in accordance with the schedule of meeting dates agreed to by the 3 Party Whips and tabled with the Clerk of the Assembly to examine and enquire into the following matters:-

Special Committee on the Parliamentary Precinct to meet from time to time at the call of the Co-Chairs of the Committee to consider matters related to the restoration of the Parliament Building;

Standing Committee on Administration of Justice to consider Bill 17, An Act to amend the Law related to the Enforcement of Support and Custody Orders / Projet de loi 17, Loi portant modification des lois relatives à l'exécution d'ordonnances alimentaires et de garde d'enfants, and matters designated pursuant to Standing Order 123 and to review and make recommendations with respect to the Guidelines governing Conflict of Interest (Sessional Paper Number 52);

Standing Committee on Estimates to consider the Estimates of ministries and offices selected in accordance with the Order of the House of Thursday, December 6, 1990;

Standing Committee on Finance and Economic Affairs to consider matters relating to pre-Budget consultation;

Standing Committee on General Government to consider Bill 4, An Act to amend the Residential Rent Regulation Act, 1986, a discussion paper to be prepared by the Ministry of Housing dealing with long-term solutions to the rent review process in Ontario, which document shall be deemed to be referred to the Committee when it is laid on the Table, and matters designated pursuant to Standing Order 123;

Standing Committee on Government Agencies to consider the operation of certain agencies, boards and commissions of the Government of Ontario, appointments in the public sector and to make recommendations concerning the amendment of the Standing Orders in relation to the review of public sector appointments;

Standing Committee on the Legislative Assembly to consider the Freedom of Information and Protection of Privacy Act, 1987 and matters related to the administration of the House and services to members;

Standing Committee on Public Accounts to consider the Annual Report of the Provincial Auditor;

Standing Committee on Resources Development to consider matters designated pursuant to Standing Order 123; and

Standing Committee on Social Development to consider matters designated pursuant to Standing Order 123. December 19, 1990.

14. Miss Martel - Resolution - That with the agreement of the House Leaders and the Whips of each Party, committees may meet during the Winter Adjournment at times other than those specified in the schedule tabled today with the Clerk of the Assembly to consider matters referred to them by the House or to consider matters designated pursuant to Standing Order 123. December 19, 1990.
 15. Miss Martel - Resolution - That committees be authorized to release their reports during the Winter Adjournment by depositing a copy of any report with the Clerk of the Assembly, and upon the resumption of the meetings of the House, the Chairs of such committees shall bring any such reports before the House in accordance with the Standing Orders. December 19, 1990.

PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.
2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science bywomen. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

4. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:

- 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.

**PRIVATE MEMBERS' NOTICES
OF MOTION****AVIS DE MOTION DES DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.
2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
- 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Select Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.

PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winner - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
- 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Select Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
 6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Select Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
 7. Mr Beer - Resolution - That, in the opinion of this House, the Government of Ontario should introduce legislation during its current mandate to implement a universal disability insurance program; and further, that this legislation should be preceded by a province-wide consultation process initiated before the end of June 1991 and based on a published public consultation document laying out policy options for the management and reform of the current compensation and benefit system. March 21, 1991.

March 21, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

9. Mr Miclash - Resolution - That, in the opinion of this House, recognizing that fully accessible health care for every Ontarian should be a priority of this Government, that Northern Ontario residents often have to travel outside their communities to receive specialized health care services, that travel costs in Northern Ontario are higher on average than in other areas of the province and that some situations, regardless of age, require the assistance of a travel companion, the Government of Ontario should: reduce the distance criteria under the Northern Health Travel Grant Program from 250 kilometres to 200 kilometres; remove the age requirement for companion travel assistance; change the formula used to calculate the grants to more accurately reflect the actual travel costs incurred; expand the programs geographic boundaries to include Parry Sound and all of the Nipissing District; and make these changes retroactive to August 14, 1990. March 25, 1991.

NOTICES

AVIS

PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Select Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
7. Mr Beer - Resolution - That, in the opinion of this House, the Government of Ontario should introduce legislation during its current mandate to implement a universal disability insurance program; and further, that this legislation should be preceded by a province-wide consultation process initiated before the end of June 1991 and based on a published public consultation document laying out policy options for the management and reform of the current compensation and benefit system. March 21, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

9. Mr Miclash - Resolution - That, in the opinion of this House, recognizing that fully accessible health care for every Ontarian should be a priority of this Government, that Northern Ontario residents often have to travel outside their communities to receive specialized health care services, that travel costs in Northern Ontario are higher on average than in other areas of the province and that some situations, regardless of age, require the assistance of a travel companion, the Government of Ontario should: reduce the distance criteria under the Northern Health Travel Grant Program from 250 kilometres to 200 kilometres; remove the age requirement for companion travel assistance; change the formula used to calculate the grants to more accurately reflect the actual travel costs incurred; expand the programs geographic boundaries to include Parry Sound and all of the Nipissing District; and make these changes retroactive to August 14, 1990. March 25, 1991.

NOTICES

AVIS

PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Select Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
7. Mr Beer - Resolution - That, in the opinion of this House, the Government of Ontario should introduce legislation during its current mandate to implement a universal disability insurance program; and further, that this legislation should be preceded by a province-wide consultation process initiated before the end of June 1991 and based on a published public consultation document laying out policy options for the management and reform of the current compensation and benefit system. March 21, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

9. Mr Miclash - Resolution - That, in the opinion of this House, recognizing that fully accessible health care for every Ontarian should be a priority of this Government, that Northern Ontario residents often have to travel outside their communities to receive specialized health care services, that travel costs in Northern Ontario are higher on average than in other areas of the province and that some situations, regardless of age, require the assistance of a travel companion, the Government of Ontario should: reduce the distance criteria under the Northern Health Travel Grant Program from 250 kilometres to 200 kilometres; remove the age requirement for companion travel assistance; change the formula used to calculate the grants to more accurately reflect the actual travel costs incurred; expand the programs geographic boundaries to include Parry Sound and all of the Nipissing District; and make these changes retroactive to August 14, 1990. March 25, 1991.
10. Mr Wiseman - Resolution - That, in the opinion of this House, the Standing Committee on Resources Development should be asked to review the current effectiveness of governmental efforts to protect wetlands in southern Ontario and, in particular study the following matters:
1. the circumstances and the frequency of wetland loss, with special emphasis on the pressures created by urban development on such wetlands and watersheds as those found in the Altona Forest, Frenchman's Bay, Carruthers Creek, and others that are experiencing similar impacts;
 2. the adequacy of governmental laws, policies and programs for ensuring that there is no net loss of this valuable resource;
 3. whether there is a need for a comprehensive wetland protection statute in Ontario;
 4. the need for education programs on the value of wetlands;
 5. the desirability of establishing a provincial office for wetland protection in order to centrally administer, monitor and enforce all governmental laws, policies and programs;
 6. ways to promote the creation of new wetlands;
 7. ways to resolve conflicts arising from farm activities that impact upon wetland viability; and
 8. any other matter the committee considers relevant to wetland preservation.
- March 26, 1991.

PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Select Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
7. Mr Beer - Resolution - That, in the opinion of this House, the Government of Ontario should introduce legislation during its current mandate to implement a universal disability insurance program; and further, that this legislation should be preceded by a province-wide consultation process initiated before the end of June 1991 and based on a published public consultation document laying out policy options for the management and reform of the current compensation and benefit system. March 21, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

9. Mr Miclash - Resolution - That, in the opinion of this House, recognizing that fully accessible health care for every Ontarian should be a priority of this Government, that Northern Ontario residents often have to travel outside their communities to receive specialized health care services, that travel costs in Northern Ontario are higher on average than in other areas of the province and that some situations, regardless of age, require the assistance of a travel companion, the Government of Ontario should: reduce the distance criteria under the Northern Health Travel Grant Program from 250 kilometres to 200 kilometres; remove the age requirement for companion travel assistance; change the formula used to calculate the grants to more accurately reflect the actual travel costs incurred; expand the programs geographic boundaries to include Parry Sound and all of the Nipissing District; and make these changes retroactive to August 14, 1990. March 25, 1991.

 10. Mr Wiseman - Resolution - That, in the opinion of this House, the Standing Committee on Resources Development should be asked to review the current effectiveness of governmental efforts to protect wetlands in southern Ontario and, in particular study the following matters:
 1. the circumstances and the frequency of wetland loss, with special emphasis on the pressures created by urban development on such wetlands and watersheds as those found in the Altona Forest, Frenchman's Bay, Carruthers Creek, and others that are experiencing similar impacts;
 2. the adequacy of governmental laws, policies and programs for ensuring that there is no net loss of this valuable resource;
 3. whether there is a need for a comprehensive wetland protection statute in Ontario;
 4. the need for education programs on the value of wetlands;
 5. the desirability of establishing a provincial office for wetland protection in order to centrally administer, monitor and enforce all governmental laws, policies and programs;
 6. ways to promote the creation of new wetlands;
 7. ways to resolve conflicts arising from farm activities that impact upon wetland viability; and
 8. any other matter the committee considers relevant to wetland preservation.
 March 26, 1991.

377. Mr Daigeler - Enquiry of the Ministry - Would the Minister of Education table all studies that have led the Minister to reject the Carleton Board of Education's proposal entitled "Creative Approach to School Construction" as per the March 14 letter from the Eastern Region Director of Education. March 27, 1991.
378. Mr Runciman - Enquiry of the Ministry - Would the Minister of Consumer and Commercial Relations inform the House what procedure is being contemplated for members of the Assembly to secure birth, marriage and death certificates on a priority basis, when the Office of the Registrar General is moved to Thunder Bay on or about March 28th. Will the Minister also advise the House if the walk-in office that is being retained in Toronto will be made available to the members to continue the practice of giving accelerated service to their constituents. March 28, 1991.
379. Mr Runciman - Enquiry of the Ministry - Would the Minister advise the House how many copies of the most recent Government of Ontario phone book were printed, how many in English and how many in French. Would the Minister further provide the total cost for producing the books, again with a French/English breakdown. Would the Minister advise the House as to why the government proceeded with the most recent publication of the government phone book given that much of the government phone systems were undergoing change thereby rendering the phone book of little or no value. March 28, 1991.

Ballot Item Numbers 5 and 6. Debated March 28, 1991.

Ballot Item No. 8 - To be debated Thursday, April 4, 1991.

Mr Miclash - Resolution - That, in the opinion of this House, recognizing that fully accessible health care for every Ontarian should be a priority of this Government, that Northern Ontario residents often have to travel outside their communities to receive specialized health care services, that travel costs in Northern Ontario are higher on average than in other areas of the province and that some situations, regardless of age, require the assistance of a travel companion, the Government of Ontario should: reduce the distance criteria under the Northern Health Travel Grant Program from 250 kilometres to 200 kilometres; remove the age requirement for companion travel assistance; change the formula used to calculate the grants to more accurately reflect the actual travel costs incurred; expand the programs geographic boundaries to include Parry Sound and all of the Nipissing District; and make these changes retroactive to August 14, 1990.

Ballot Item No. 9 - To be debated Thursday, April 11, 1991.

Second Reading Bill 8, An Act respecting Natural Death. Mr N. Sterling.

Ballot Item No. 10 - To be debated Thursday, April 11, 1991.

Mr Wiseman - Resolution - That, in the opinion of this House, the Standing Committee on Resources Development should be asked to review the current effectiveness of governmental efforts to protect wetlands in southern Ontario and, in particular study the following matters:

1. the circumstances and the frequency of wetland loss, with special emphasis on the pressures created by urban development on such wetlands and watersheds as those found in the Altona Forest, Frenchman's Bay, Carruthers Creek, and others that are experiencing similar impacts;
 2. the adequacy of governmental laws, policies and programs for ensuring that there is no net loss of this valuable resource;
 3. whether there is a need for a comprehensive wetland protection statute in Ontario;
 4. the need for education programs on the value of wetlands;
 5. the desirability of establishing a provincial office for wetland protection in order to centrally administer, monitor and enforce all governmental laws, policies and programs;
 6. ways to promote the creation of new wetlands;
 7. ways to resolve conflicts arising from farm activities that impact upon wetland viability; and
 8. any other matter the committee considers relevant to wetland preservation.

PRIVATE MEMBERS' NOTICES
OF MOTION

AVIS DE MOTION DES DÉPUTÉS

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.
2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Select Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

9. Mr Miclash - Resolution - That, in the opinion of this House, recognizing that fully accessible health care for every Ontarian should be a priority of this Government, that Northern Ontario residents often have to travel outside their communities to receive specialized health care services, that travel costs in Northern Ontario are higher on average than in other areas of the province and that some situations, regardless of age, require the assistance of a travel companion, the Government of Ontario should: reduce the distance criteria under the Northern Health Travel Grant Program from 250 kilometres to 200 kilometres; remove the age requirement for companion travel assistance; change the formula used to calculate the grants to more accurately reflect the actual travel costs incurred; expand the programs geographic boundaries to include Parry Sound and all of the Nipissing District; and make these changes retroactive to August 14, 1990. March 25, 1991.

 10. Mr Wiseman - Resolution - That, in the opinion of this House, the Standing Committee on Resources Development should be asked to review the current effectiveness of governmental efforts to protect wetlands in southern Ontario and, in particular study the following matters:
 1. the circumstances and the frequency of wetland loss, with special emphasis on the pressures created by urban development on such wetlands and watersheds as those found in the Altona Forest, Frenchman's Bay, Carruthers Creek, and others that are experiencing similar impacts;
 2. the adequacy of governmental laws, policies and programs for ensuring that there is no net loss of this valuable resource;
 3. whether there is a need for a comprehensive wetland protection statute in Ontario;
 4. the need for education programs on the value of wetlands;
 5. the desirability of establishing a provincial office for wetland protection in order to centrally administer, monitor and enforce all governmental laws, policies and programs;
 6. ways to promote the creation of new wetlands;
 7. ways to resolve conflicts arising from farm activities that impact upon wetland viability; and
 8. any other matter the committee considers relevant to wetland preservation.
 March 26, 1991.
